

WHY BENEFICIARY BANKING IS FOR YOU

The luxury sperms we offer lie within the reach of those who have the good taste to perceive the value of a rare find. And that is exactly the mentality we cater to at Lafy Speranza's Sperm Boutique. You, worthy customer, can now make your own XY Build, an art nearly lost but revived and improved under the tasteful directions of Lafy herself!

ABOUT LAFY

You might know her as the successor of the Third Generation of Bionic Beauties. You might know her as the creator of the revolutionary Ph-32 Gene sequence that saved us all from the resurgence of the cerbroatrophic hypoatmospheric catharsis. You might even know her as the winner of the Seventh Order Capsule Gastronomy Competition. But very few know her as the capable Single with a unique love for historical romanticism.

She was offered free registration for a number of well-bred Petri-Progenies but declined them all for she had suddenly realised her personal vision: The Sperm Boutique. There are still vestiges of the Hes in parts and Lafy intends to gather them. As you know the Hes, are either a result of a non-synaptic mishap on the part of those still untutored in the ways of the High Council or remnants of the Calthwerp Cloning Scandal from S.E 78,003 that developed and spread.

Lafy saw at once, how the Art of the Old Ways could be revived under the benevolent, authorised monitoring of the Council to better suit the aesthetics and intelligence of Our kind. Tested and purified with only quality imported cerebral-grooming products, the Hes are now appealing additions to a Single or Pair unit and Lafy can finally establish her hobby in the Upper-End High Design Review.

DONORSEXUALS

Each He is a high chromosome Donorsexual and we take pride in providing:

- Advanced A-Grade flow cytometry to assure XY pairing
- High-end centrifugal washing in tailor made density gradient
- Quality semen extender and uncharged extra for distance delivery
- Three-minute IVF
- Airtight Copyright and Cloning Procedures
- Installing the Latest in Bionic Accessories
- An annual test of the XY Build for the length of its lifespan

CATEGORIES

The Donorsexuals are broadly categorised based on cerebral activity:

FL Range: Frontal Lobe Processing

PL Range: Parietal Lobe Processing

OL Range: Occipital Lobe Processing

TL Range: Temporal Lobe Processing

Lafy Speranza's Sperm boutique offers a lifetime warranty and will repair or replace the build if lost or dysfunctional for as long as you own it. No more than one XY Build per certified Pair and certified Single as of the 'Organic, Synthetic and thereof Derived, Progeny Control Act' of S.E 90, 1002.

CONFIDENTIALITY

Lafy Speranza's Sperm Boutique is committed to protecting Beneficiary details from a third party. However it runs as an open-ID transaction centre with biometric transparency between parties.

HOW TO BECOME A BENEFICIARY

To become a Beneficiary you will have to complete the following steps:

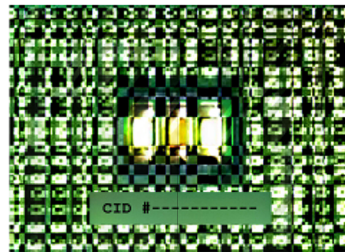

1. In Situ or Ex-Situ Application
2. Thorough System Screening
3. Interview
4. Physical Examination of both Organic and Synthetic parts
5. Observed interaction with the Ranges

If all goes well, you worthy customer can take home your very own High Design XY Build in a matter of weeks!

HAVING TROUBLE DECIDING ON A RANGE?

Lafy hosts a Sperm Quandary Gala every two months! So get together Singles and Pairs and attend the event that will decide you!
